# Nguyễn Nguyễn

Data analytics and Power BI Enthusiast || Excel || SQL || Power BI ||  
Python  
Can Tho, Vietnam

## Summary

I am a recent graduate from Edinburgh Napier University with a strong foundation in International Business Management and a deep passion for data analysis. My academic journey has equipped me with robust SPSS skills, and enabling me to efficiently interpret and manipulate data using Python, SQL and Power Bi skills. With a background in business, I understand the importance of leveraging data to drive strategic decision-making and achieve business objectives.
